The attached letter on Page 14 of the LAXCoastal doc IS the LA Chamber's letter that they would support the NASS. LA Chamber's letter was sent out one day before the final report was released stating "once and for all, lets accept what the study says..."

The LA Chamber letter you want is page 14 of the attached document...
Denny

(Thx Robert!)

Attached are the comments of the LAX Area Chamber of Commerce (formerly Westchester/LAX-Marina del Rey Chamber of Commerce). See Attachment A for the February 17, 2010 letter from the various downtown business groups which wrote that they would support the findings of the North Airfield Safety Study. The letter was issued a day before the study was released.

LAX Coastal wrote a really good position paper. Too bad they flipped a few months later to support Alternative 1 (260 feet north) without any written assurances for anything the LAX Coastal Chamber would like.

Thank you,
Robert
